Caltrans Type 8 - Medium Duty Transit Bus ElDorado National MST-II (CNG)

The ElDorado National MST-II delivers with alternative fuel options to meet today's demanding transportation needs. With an OEM Cummins (CNG) Natural Gas Engine and an Allison Transmission you have the right tools for the job.

The MST-II is designed and manufactured to save weight while maintaining high strength. A rugged Freightliner MB-55 chassis with front engine forward control design is utilized. Designed and built for Heavy-Duty Transit use, the MST-II is Altoona tested for 10 Years/350,000 miles and comes standard as alternative fuel CNG. Propane or Diesel engine options are available.

28 Foot Bus
(22) Passengers + (2) Wheelchairs
or (28) Passengers

30 Foot Bus
(26) Passengers + (2) Wheelchairs
or (32) Passengers
